

LIST OF ILLUSTRATIONS

Figure No.	Particulars	Page No.
1	Examples showing people having poorly and well controlled on HbA ₁ C level	109
2	Pre Test and Post Test mean values of yogic practice Group and control Group on Blood Glucose (fasting)	120
3	Pre Test and Post Test mean values of yogic practice Group and control Group on Blood Glucose (Postprandial)	123
4	Pre Test and Post Test mean values of yogic practice Group and control Group on HbA ₁ C	126
5	Pre Test and Post Test mean values of yogic practice Group and control Group on Total Cholesterol	129
6	Pre Test and Post Test mean values of yogic practice Group and control Group on Triglycerides	132
7	Pre Test and Post Test mean values of yogic practice Group and control Group on High Density Lipoprotein	135
8	Pre Test and Post Test mean values of yogic practice Group and control Group on Low Density Lipoprotein	138
9	Pre Test and Post Test mean values of yogic practice Group and control Group on Very Low Density Lipoprotein	141
10	Pre Test and Post Test mean values of yogic practice Group and control Group on Depression	144
11	Pre Test and Post Test mean values of yogic practice Group and control Group on Depression	147
12	Pre Test and Post Test mean values of yogic practice Group and control Group on Stress	150
